SOURCE [redacted]

1. It was learned between 15 and 22 September 1950 that the VP Kreisamt in the Franz Kaserne, Bernburg (M 52/D 76), had a telephone connection with the radio tower, the waterways police and the SSI office in Bernburg; unidentified VP units in Calbe (M 52/D 77), Guxten (M 52/D 76) and Aschersleben (M 52/D 55); a Secpolizei office and the Landespolizeibehoerde in Halle (M 52/D 92); and the VP Kreisaemter in Magdeburg (M 53/Y 60) and Schoenebeck (M 53/D 78). The telephone exchange of the VP Kreisamt in Bernburg was equipped with a model 10/100 lamp-switchboard with 40 extensions operated by local batteries.
2. The VP Kreisamt in Bernburg also had a teletype writer with teleswitch connecting the office with the Landespolizeibehoerde in Halle, the VP Kreisamt in Halle and the Polizeipraesidium (city police headquarters) in Magdeburg.
3. A diagram of the VP telecommunications net in Land Saxony-Anhalt was made on 11 October 1950. *
